# EASAPS 2022

## Biennial Meeting

### Breast surgery and Body contouring

---

31<sup>st</sup> March- 2<sup>nd</sup> April 2022

The lower rate for registration is almost closed.  
Take this last opportunity to register and plan your trip to Lisbon  
to take part in the EASAPS meeting.

The COVID situation is gradually getting back to normal in Europe  
and the end of March will be an ideal time to meet up during an excellent meeting.  
Portugal is a very safe country and our meeting will be one of the first to be held in  
person. Join us to celebrate our speciality!

The scientific programme is fantastic and this will be a great opportunity to network  
and hear about what EASAPS plans are in the future.

**Don't miss the lower rate!**
